Dear Paul:

The American Baptist Churches of the Pacific Southwest has an endowed investment fund that totals over \$4,000,000. This fund enables a large portion of the region's ministry to be carried out with the income received from those investments. The fund is managed by a committee of lay persons with expertise in business and financial management.

Recently, we have had a vacancy on the Investment Committee, and you have been suggested as a person with the skills and expertise that would be helpful to the Committee. Would you be willing to serve as a member of the Investment Committee? There are four meetings a year; usually held on the 4th Monday of January, April, July and October. Each meeting is held at our office in Covina beginning at 10 a.m. and usually ends with lunch. Members of the Investment Committee serve on a volunteer basis but are reimbursed by the region for their travel expenses.

If you are interested in serving, or if there are any questions that I can further explain, please do not hesitate to call. I hope that we will be working together soon.

Sincerely,

Kenneth P. Giacoletto
